

# Hope for a Dream Donor Form

The mission of the Hope for a Dream project is to mobilize and inspire residents to help support homeless individuals in their local communities. We believe everyone needs a safe place to call home, yet that basic need is increasingly out of reach for many people in New York City. Rising rents make home access for those with housing barriers exceedingly challenging. We provide free career training for these individuals to help them become economically stable while advocating for equitable methods to help prevent and end homelessness.
